PEB/EPB: 347kwh/m²/j

DESCRIPTION

A beautiful, centrally located corner house just a stone's throw from the center of Arendonk and close to the Dutch border. This surprisingly spacious home offers plenty of possibilities and can be fully customized to your own taste with just a few finishing touches.

Upon entering the home, the exceptionally spacious living area immediately catches the eye. This space formerly served as a small independent business and now offers plenty of possibilities for those who wish to combine living and working or simply enjoy a large living room. Adjacent to this is a separate office space, as well as a cozy sitting room at the back that flows seamlessly into the dining room.

The dining room adjoins the recently renovated kitchen, which has been tastefully decorated and is equipped with all modern conveniences. Next to the kitchen is a practical laundry/storage room. From the dining room, you have access to the paved backyard with a covered terrace and storage shed. Here, too, there are opportunities to further finish or decorate to your own taste. Thanks to the convenient back gate, you can also easily access the rear of the property with bicycles or trash bins.

The first floor features two spacious bedrooms and a generous bathroom, divided into two sections, which can still be partially finished to your personal taste. The second floor offers additional space with a walk-in closet, two full-sized rooms, and access to the attic.
