DESCRIPTION

Unique home with garage, large warehouse/workhouse, garden, and outhouse in the heart of Turnhout!

Dwelling:

Spacious entrance hall with authentic features giving access to both the kitchen and living room. The living room has high ceilings, a beautiful wood stove and gives out to the kitchen. This is fully installed and has extra space to place a TV corner or a large dining area. Attached to the kitchen is a practical veranda where it is pleasant to stay in the in-between seasons. On the ground floor, another bathroom is provided behind the kitchen.

Floor:

Through the beautiful staircase in the entrance hall you reach the floor where a well maintained but classic bathroom is provided. This bathroom includes a toilet, bathtub and a sink in a cabinet. Also located on this floor are 3 sufficiently spacious bedrooms.

Upper floor:

The fixed staircase also takes you up to the upper floor which is closed with a door and has velux windows. This room is ideally suited to make several rooms.

outhouse:

Behind the home is an outhouse that is particularly charming and compact. Between the residence and the guest house is a beautifully landscaped, well-kept city garden that creates a nice demarcation between the front and the rear buildings. This space is currently divided as entrance, bathroom, kitchen, living room with dining room and 2 (bedroom) rooms.

Warehouse/workhouse:

Behind the guest house is connected the workhouse. This is a spacious, dry and high space that can be used for many purposes. A practical additional garage is adjacent to this at the back of the plot.

Garage:

In front of the plot is located a double garage which is open at the rear so that you can also easily reach/in the workhouse with larger objects.

Between the front garage and the house is a passage to get to the garden and the rear workhouse / outhouse.

A property with so many possibilities as this one we unfortunately do not often come across, be surprised by the versatility of this characterful spacious home!
